## The HHA Safeguarding Team

The Safeguarding Team at Haven High Academy can offer pupils, parents and their family resources, advice, signposting and referrals that promote children's safety and wellbeing. Our aim is that all the children at Haven High have the best possible outcomes. Please get in touch if you are worried about a child, have any questions or would like more information about this topic.

## Are you Worried or Concerned About Your Child?

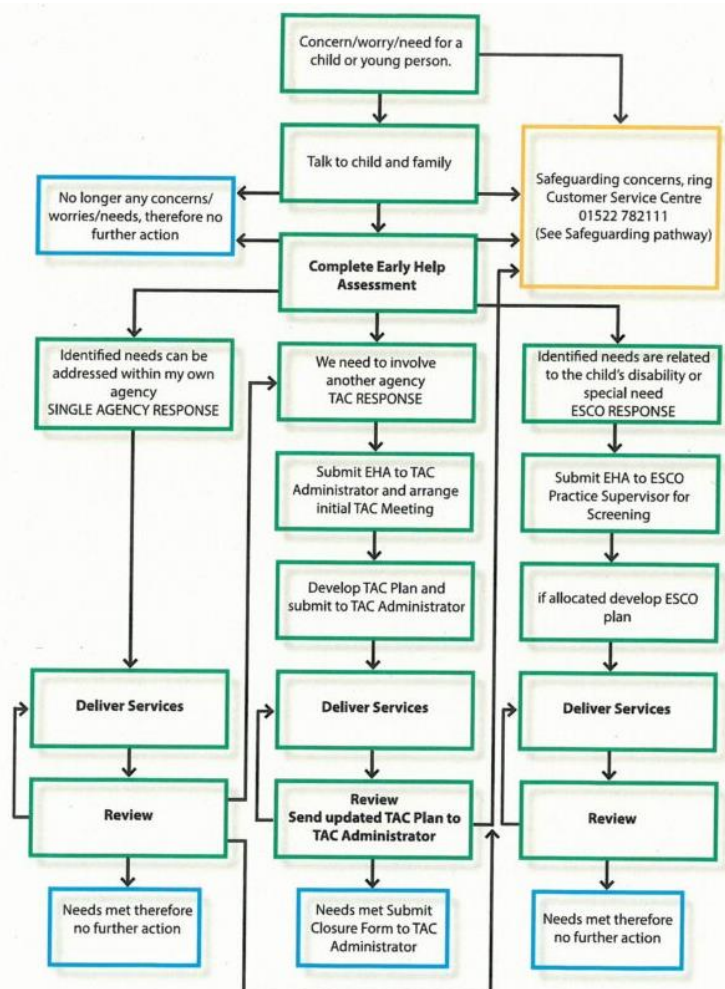

### 'Team Around the Child' May Be The Answer

Team Around the Child (TAC) is a form of Early Help. It starts when a child, family or professional has a worry about a child or young person and this is something that they need some help with.

Some children and families will need additional help for a little while, to prevent the worry escalating. That extra support can come from professionals who work together with the family as a team; we call this 'Team Around the Child'

The TAC is a group of people who care about the child and who are willing to work together to meet the needs of that child or young person

The aim of the TAC is always to build on the skills and confidence of the support network so they can keep up the progress made, manage any future difficulties and be there for the child or young person both now and in the future

Contact your Head of Year or the Safeguarding Team if you would like more information about TAC
