

Firstly, a Huge well done to all of Y11 who have undertaken their trial exams over the last two weeks, they have been a credit to themselves, the staff and their parents – thank you for supporting your young people through what we know can be a stressful and sometimes difficult time. As the recently appointed Head of School for Marian Campus, I am excited to join our vibrant community. The eagerness to learn and support each other shown by our students has been inspiring to witness. I am excited next week to see the school decorate a tree as part of the Christmas tree Festival in Boston stump – standing alongside a number of businesses, charities and community groups this is becoming an annual proud moment for our school in the community – do pop along to see the trees in all of their glory. We are also running our toy drive to generate funds to help those young people in our community who are less fortunate this Christmas – please do support this and share the drive with friends and relatives. Aply, next week we explore Gandhi's principles of peaceful change and determination through our Theme for the week. Our students will connect Gandhi's ideals of sacrifice and service to their own aspirations, seeing how these timeless values shape successful lives in our modern world. I look forward to working alongside you as we nurture the next generation of thoughtful, ambitious young people. Have a wonderful weekend - Mr Hutton – Head of School Marian

REVIEW OF THE WEEK

England men hosted Republic of Ireland at Wembley Stadium and Haven High students were delighted to be at Wembley to watch the match - Huge thanks to the staff who gave them this opportunity [Sports at Haven High Academy](#) #engagement

This week was especially exciting for three of our students who last term were invited to [Boston Borough Council](#) to judge the photo submissions for the Boston 2025 official calendar - the end result is impressive and they were excited to take them home to show their parents [#Ambitioustogether](#) [#Excellence](#) - Now Available from [Chris Cook Print](#) for just £5

This week Y6 groups have looked at leaves under the microscope looking at Stomata - you cannot beat a bit of awe and wonder in science #Effort #Engagement #Excellence

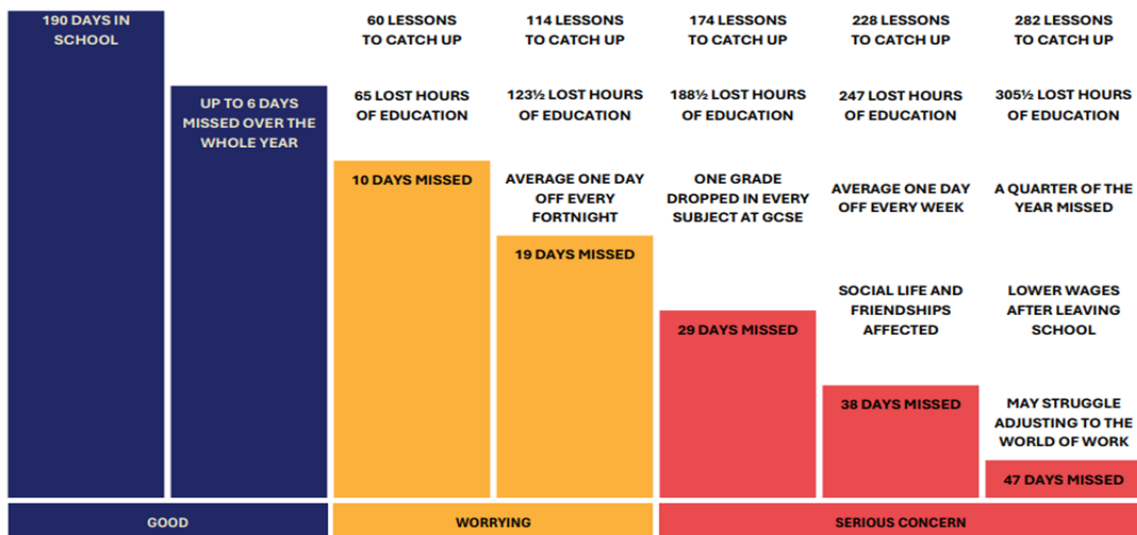

The last day to order a Christmas Dinner is Friday 22nd November - purchase on Parent Pay ASAP - includes main course, dessert, a drink and cracker - #Christmas2024

Attendance Matters

What does good attendance look like?

Welcome to the Staff

We would like to introduce some of the key staff your young person will encounter...

I have worked at Haven High since February 2022, starting as a Learning Assistant and moving into my current role as SEND Administrator in September 2023. I have previously worked in Early Years settings and taught in Alternative Provision. Currently, I organise review meetings for those students who are on the SEN Register and communicate with parents, staff and outside agencies about students' needs. I am also the school's Access Arrangements Assessor and co-ordinate additional exam support for our students. I really enjoy seeing how the students' progress throughout the mocks and GCSEs.

Mrs Ellerby – **SEND Administrator**
Harley.ellerby@havenhigh.net

I have worked at Haven High twice! The first time I started here was in 2001, before any of the current students were born. I was a Design Technology teacher doing mostly woodwork and Graphics. I even taught some of you parents!

After many years and a couple of other jobs locally I came back to teach Food and Cookery.

I love showing students what you can make with some knowledge and raw ingredients.

My students surprise me every day with the things they say. I couldn't believe it when a year 10 told me they had never seen a raw mushroom before!

Year 11 will soon be showing off what they have learnt in their practical assessments. I wish them luck and hope they can do themselves proud.

Ms Ceaser – **Teacher of Food Tech**
Lisa.ceaser@havenhigh.net

I have been head of faculty since 2022 and thoroughly enjoy leading such diverse and interesting subjects. My MA dissertation focused on embedding careers and enterprise skills into curriculums, and this is something we are continuing to develop across all subject areas.

Vocational 1 subjects are: Business Studies, Health & Social Care, ICT and Food & Nutrition. Developing links to the world of work and contextualising learning is a key aspect of our subjects. We do this through case studies, practical's, guest speakers and trips to enrich students' experiences and support understanding.

Mrs Reynolds – **Head of Faculty – Vocational 1**
Charlotte.reynolds@havenhigh.net

We would also like to encourage students (and their parents) to contact us with individual successes, both in school and in their wider lives and the community. We are passionate about celebrating the success of all our students in whichever field that may be.

ON THE HORIZON

DATE	EVENT	NOTES
25 th November 2024	Y11 Contingency Trial Exam Day	Catch up for any student who missed exams
26 th November 2024	Y11 Contingency Trial Exam Day Holocaust Educational Trust	Catch up for any student who missed exams Working with approx. 60 students over a series of sessions
