

22nd May, 2026

Welcome to this week's newsletter.

GCSE students have now completed their second full week of exams, and we are delighted with the positive start they have made. Students have shown great maturity, focus, and determination throughout the examination period, and this has been a great success so far. We would like to thank parents and carers for their continued support in helping students prepare and remain motivated during this important time.

As we continue through the final term of the academic year, we would also like to remind families of the importance of excellent attendance and punctuality for all year groups. Every lesson counts, and arriving to school on time each day ensures students are fully prepared to learn and make the most of every opportunity available to them.

Please can parents also support us by ensuring students attend school in full correct uniform and are equipped with the appropriate stationery and equipment needed for learning each day. Being organised and prepared has a positive impact on students' focus, confidence, and success in school.

A reminder to all families that Term 5 ends today, Friday 22nd May. We hope everyone enjoys a restful and enjoyable half-term break, and we look forward to welcoming students back to school on Monday 1st June.

YEAR 7 STUDENTS RISE TO THE CHALLENGE OF DELIVERING DINNER!

On Friday 15 May, 21 of our talented Year 7 students stepped out of the classroom and into the world of work, taking part in an exciting real-world business challenge hosted right here in school.

The 'Can You Deliver the Dinner?' Pilgrim Foodservice Challenge put our young people firmly in the driving seat — tasked with the kind of problems that real logistics professionals face every single day.

Could they plan efficient delivery routes, get food to customers on time, stay within driver regulations, crunch the numbers and present a fully costed plan? The pressure was on!

Working in small, dynamic teams, students threw themselves into every aspect of running a business: crafting a team name, logo and strapline, dividing up responsibilities, and stepping into professional roles as team leaders, accountants and transport planners.

The event was expertly organised and delivered by Pilgrim Foodservice, with huge thanks going to Rob and Ally, who generously gave their time to work alongside our students, and to Donna Garrard from the Greater Lincolnshire Careers Hub for her invaluable support on the day.

Students didn't just solve logistics puzzles — they got a fascinating insight into careers and life at Pilgrim Foodservice, a thriving local employer with national reach, while building vital employability skills that will serve them well beyond school.

The results were impressive, with creativity and critical thinking on full display right up to the final presentations.

A fantastic experience — and a glimpse of just what our Year 7s are capable of!

WE HAD THREE TEAMS...

CAREERS GUIDANCE

YOUR FUTURE. YOUR CHOICES. YOUR JOURNEY.

Students in Year 10 will soon begin having a 1:1 careers meeting with Miss Gallagher.

These meetings are a great opportunity to:

- EXPLORE INTERESTS and future goals
- UNDERSTAND CHOICES after Year 11
- MAKE PLANS for the future
- TALK ABOUT ANY WORRIES or questions they may have

We're here to listen, support and help you plan for a bright future.

These support meetings will continue into Year 11 to help you feel confident and prepared for your next steps.

PLAN TODAY. SHAPE TOMORROW.
