Biometric Vericool Cashless System

We operate a student recognition system using biometrics at Haven High Academy. This will allow us to make the best use of efficient systems such as cashless catering, print and copy cost control, access control and registration systems.

We would like to make it clear that Haven High Academy will comply at all times with GDPR and with the provisions of the Protection of Freedoms Act 2012 (which came into force in September 2013) regarding the use of biometric data. In order for your child to use the biometric system, one parent or guardian will need to read, consent by completing the link you have on your email We will also offer an opportunity to opt out for those pupils who, upon consideration, would prefer to use alternative forms of identification.

If you would like more information or the chance to discuss this further, please feel free to contact the Academy.

Once your child ceases to use the biometric recognition system, his/her biometric information will be securely and permanently deleted by Haven High Academy.
